APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source and with the understanding that all of the water herein granted will be returned to the stream at the point designated in the application, free from deleterious matter, and with the further understanding that the use of such water is in conformity with the provisions set forth in that certain agreement submitted to the State Engineer on October 11, 1949. The proof of beneficial use, when filed, must show the amount of water required and diverted from the source. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 3.0 cubic feet per second.

Actual construction work shall begin on or before June 30, 1950

Proof of commencement of work shall be filed before July 30, 1950

Work must be prosecuted with reasonable diligence and be completed on or before June 30, 1951

Proof of completion of work shall be filed before July 30, 1951

Application of water to beneficial use shall be made on or before June 30, 1952

Proof of the application of water to beneficial use must be filed with State Engineer on or before July 30, 1952

Map Filed OCT 17 1949
Proof of commencement of work filed JUN 1 1950
Proof of Completion of work filed JUN 8 1951
PROOF OF BENEFICIAL USE FILED JUL 9 1952
WITNESS MY HAND AND SEAL this 3rd day of January, 1950
